*Rachel Maddow just issued a STUNNING warning to Democrats everywhere:* Rachel Maddow says Georgia's recent election fiasco – the result of Republican voter suppression – is a "WAKE UP CALL" for Democrats. We're fighting back: We've created an emergency response fund to ensure Rev. Warnock (D) has the resources to combat horrific GOP voter suppression, flip the Senate blue and become Georgia's first Black senator this fall. We've set an ambitious goal to raise \$10,000 before midnight, and we're counting on your support to hit it. **We have an incredible MATCH opportunity TODAY ONLY – every dollar you give will be doubled. So please, will you donate right now to fight back against GOP voter suppression and flip Georgia blue?**

The Black Lives Matter Organization is a radical left-wing group that stands for anti-semitism, defunding the police, and destroying the nuclear family. Racism has no place in our country, but neither does this organization that promotes destruction and violence against anybody who dares to challenge their dangerous agenda. We MUST stand up against this radical organization. ADD YOUR NAME if you agree.
